

**GUTHRIE
EMPLOYEE HEALTH SERVICES**

Requirements for Medical Students and Nursing Students

POLICY:

The Employee Health Office shall require the following immunization information on all learners in the ***Guthrie Clinic, Robert Packer Hospital or any other GHS entity*** consistent with the recommendations put forth by the Advisory Committee on Immunization Practices (ACIP) and/or the Center for Disease Control and Prevention.

MMR / Measles Vaccine: All learners and contract employees born in or after 1957 shall present documentation of two doses of measles, mumps rubella vaccine (measles, MR, or MMR) given on or after twelve months of age, separated by at least one month, or laboratory evidence of Rubella and Rubeola immunity.

All learners, born prior to 1957 shall present documentation of two dose of measles, mumps rubella vaccine (MMR) given on or after twelve months of age, or laboratory evidence of Rubella immunity.

Tetanus and Diphtheria (Td): All learners and contract employees shall have received a primary series of Td and a Td booster within the past ten years.

Hepatitis B Vaccine: All learners and contract employees at risk of exposure to blood, blood products, or other potentially infectious material shall provide documentation of receipt of the hepatitis B vaccination series of 3 injections, or shall sign a declination form waiving vaccination.

PPD: on start of program and annually thereafter, or as per CDC recommendations at the time. If known positive, provide documentation of chest x-ray annually.

Learners with greater than 12 months since last documented PPD shall be required to have a 2-step PPD

Varicella (Chicken Pox) history: Reliable history of disease or ⊕ titer documenting immunity. If laboratory test fails to document immunity to Varicella, documentation of the Varivax vaccination series of 2 injections is required.

Failure to comply with the above immunization schedules will result in denial of the student's request for clinical experience at Guthrie until requirements are met.
